Services

FAB CAPITAL LTD. is a holding company, which acquires selected company's stakes (66,5% from token proceeds) primarily in areas of bio-tech, med-tech, food-tech, IT, AI, education, etc. with positive impact on the environment and human lives. By acquiring company's stakes, FAB CAPITAL LTD. is creating a portfolio of concept proven projects and selected start-ups. Any person wanting to become a FAB token holder, can acquire tokens during token sale.

FAB CAPITAL Token

FAB CAPITAL token is an ERC20 token created and hosted on the Ethereum blockchain protocol and represents a security token (digital asset) with the entitlement to the future profit of FAB CAPITAL LTD. FAB token does not have any voting rights. The token meets the FCA (Financial Conduct Authority, London, UK, www.FCA.org.uk) compliant regulatory requirements.

FAB CAPITAL token means an ERC-20 digital token issued by the Company, set up in the Ethereum protocol. Therefore, any malfunction, unplanned function or unexpected operation of the Ethereum protocol may cause the FAB CAPITAL Token network to malfunction or operate in a way that is not expected.

FAB tokens are sold through private sale in exchange for two major cryptocurrencies (BTC, ETH) payment. FAB token is a smart-contract based digital instrument with the entitlement to the future profit of FAB CAPITAL LTD. The token acts as a vehicle through which Company's profits are shared among FAB token holders. Company's profits are shared based on the following scheme:

After successful exit of any of the portfolio companies FAB CAPITAL LTD uses 30 % of the incoming sum successfully gained by the initial acquisition for re-acquiring companies' stakes in further acquisition rounds, and 70 % of the sum will be distributed among the FAB token holders based on the amount of tokens held. Distribution of profits will be as following:

- Acquisition gains - Initial Purchase = PROFIT
- $\text{PROFIT} * 0,7$ = Amount to be distributed on pro rata basis among FAB holders; profit will be distributed in ETH to the same user's ETH cryptocurrency wallet as destination wallet for FAB tokens
- $\text{PROFIT} * 0,3$ = Amount of the total profit to be re-allocated in FAB CAPITAL portfolio of companies
- Initial Purchase + Amount of profit funds to be re-allocated in FAB CAPITAL portfolio = amount that will be used for further acquisition rounds.

If the acquired income is lower than initial purchase, FAB CAPITAL LTD will use the whole amount for further acquisitions only.

FABA token emission represents a total of 10 billion FABA tokens. The token allocation of FABA will be as follows:

Total number of FABA tokens 10 billion - 100%

FABA tokens for sale 4,5 billion - 45%

FABA CAPITAL company 5,5 billion - 55%

Marketing and operational costs

Based on these T&C, user agrees with following conditions: Total 28% of token sale proceeds are redistributed into unilevel carrier as the commission for the token sale.

Total 5.5% of token sale proceeds represent operational costs.

Token sale - Unilevel carrier

The token sale starts on March 1st 2020 and will continue until all 45% of FABA tokens (4.5 billion) are sold. FABA token sale is based on the unilevel carrier, where each user is rewarded for the acquiring of FABA tokens, based on his/her current position in the unilevel carrier.

FABA Token can be acquired during the Token Sale directly from the Company.

FABA CAPITAL LTD. has rights not to accept payment from users who violate statutory and governmental conditions, or if prohibited by their own jurisdiction of citizenship.

Liquidity of the FABА Token

FABА tokens are locked tokens therefore not transferable to other cryptocurrency wallets. The holder of the tokens acknowledges the fact, that the token isn't liquid. Liquidity is dealt with on client to client basis. FABА CAPITAL LTD has a 30-day period of the first right of refusal, after which the FABА token holder can sell his/her cryptocurrency wallet to any other third party. Wallet transfer requirement must contain amount of FABА tokens and the price and must be addressed to Company's e-mail: hello@fabacapital.com. FABА token will not be listed on any cryptocurrency exchange.

Knowledge required

The User undertaking to acquire FAB token in relation to the Token Sale should ensure that she/he understands and has significant experience of cryptocurrencies, blockchain systems and services, and that she/he fully understands the risks associated with the Token Sale as well as the mechanism related to the use and custody of cryptocurrencies. Company shall not be responsible for any loss of FAB Token or situations making it impossible to access to FAB Token, which may result in any actions or omissions of the future User or any person undertaking to acquire FAB.

User registration and Compliance

To become registered as a User, you must duly and correctly fill in and enter the registration form through the online Platform. To become registered User, the User must provide true and complete information requested in the Registration Form, as well as any additional steps or actions required by instructions included in the Process (e.g., User confirmation of his registered email address). After receiving an e-mail with confirmation of the registration to the platform a person becomes a registered User.

FAB token Acquisition

By accessing the platform, the user confirms that he has become acquainted with these T&C, which forms an integral part of the pre-contractual notice and agrees with their wording valid and effective at the time of registration. In accordance with these T&C, Company (as the seller) undertakes to transfer the right of ownership in the Tokens to the buyer and the buyer undertakes to transfer the right of ownership in a token price i.e. the amount of BTC, ETH determined by the company (hereinafter the "Price").

User shall transfer Ethereum ('ETH') or Bitcoin ('BTC') to a cryptocurrency wallet address generated on the platform for the purpose of purchasing the Company's Token. The User fulfils the agreement by exchanging their BTC or ETH for FAB tokens on the platform in the amount of individual entry. The agreement is entered into and becomes effective when the User's individual entry is delivered to the Company's cryptocurrency wallet and visible on the platform. If the User fails to execute the transaction within 7 days from the moment of the registration and individual entry is not delivered to the Company's cryptocurrency wallet, Company is entitled to cancel User's account.

User must provide an address on ETH blockchain that is fully ERC-20 compliant and able to receive the Company's Token.

For any errors in data transmission, the seller is not responsible.

The Company fulfils the agreement by sending the Tokens to the User's cryptocurrency wallet without undue delay after user's BTC or ETH are exchanged for FAB tokens on the platform.

Token prices are contractual and may vary depending on the supply and demand, as well as the market itself, and are listed without VAT and any fees set by law.

Legal duties concerning acquisitions of Tokens

No multiple registrations

The User or other Person may not register more than once to use the Platform of the Company. For these purposes, no User or other Person is entitled to use fake profiles, fake identity, identity of another Person, or another User's profile or registration data to check in or register with the Company or to use the Platform. No User or other Person shall use or attempt to use the systems of automated registration. This is what every user claim to be honest.

Obligation to notify third Person's breach

Any User accessing or using the Platform is obliged to comply with all of the Terms and with the laws applicable to him. Should the User learn of any breach of these Terms or of the applicable laws by any third Person, the User shall promptly notify the Company of such breach and provide identification of such third Person, if such Person is known to the user. If the prompt notification is impossible, the User shall notify the Company of such breach without unnecessary delay.

Obligation to update information

It is the User's sole responsibility to keep all the information and data provided to the Company up to date so that the Company can use them for the purposes of communication, transfers and other legitimate purposes. The User acknowledges and agrees that any communication or transfer made by the Company, which is based on the latest information and data provided by the User, shall be deemed duly made.

Communication and costs

The User expressly agrees that all communication between him and the Company shall be carried out through the electronic solutions, mainly through the Platform. This does not prevent the right of the Company to introduce and communicate with the User by other electronic means of communication, such as e-mail, text messages, social media channels, or other. The communication between the Company and the User carried out through the Platform, and the communication of the Company with the User by using the e-mail address or mobile phone number registered by the Company as belonging to the User, shall be deemed duly and properly made between the Company and the respective User. The User acknowledges and agrees that all expenses of such communication, such as fees and other costs (mobile operator bills, rates, data limits, etc.) incurred in this regard by the User, shall be fully borne and paid by the User.

Continued obligation of Users and other Persons to ensure compliance

A Person attempting to access, use or register with the Platform is obliged, prior to such act, to ensure that he is not subject to any Restriction and that he is allowed to do so by all applicable laws and regulations. In case of any doubt in this regard, such Person undertakes to seek and receive independent professional legal advice. Any User learning of such limitation that arose after his registration, or learning of a risk that such limitation may be or become applicable to him, undertakes to seek independent professional legal advice on this issue to make sure he complies with all limitations based on the laws, regulations and Restrictions applicable to him, and if he learns of any such limitation, he undertakes to cease using the Platform or any of the Platform functionality which would violate any such limitation. If the Restriction so requires, the User is obliged to inform the Company of such event. The Users and other Persons expressly acknowledge and agree the Company shall not be held responsible or liable on any grounds for any breach, tort, crime or any other offence, or loss of any type, incurred as a result of a breach by any User or other Person of any Restriction applicable to him.

Anti-Money Laundering (AML) and KYC Policy

Each Token buyer represents that any consideration to be paid for the Token pursuant to this Agreement does not derive from activity that is or was contrary to law or from a person or location that is or was subject of any embargo or other economic sanction and that no consideration to be paid for the Token in accordance with this Agreement will provide the basis for any liability for any person under any anti money laundering laws or economic sanction laws. Each Token Buyer represents that neither such Token Buyer nor any of its nominees, agents, or affiliates is on the specially designated OFAC list, other control list or similar European Union watch list.

Company has adopted a Know Your Customer Policy" (the "Policy"), which may be amended or changed from time to time as described herein these Terms. Company may enact reasonable procedures and processes to administer this Policy and to identify and verify the identity of any user of its Platform, which may include but is not limited to procedures and processes intended to: designation of a compliance officer; employee training; auditing; request evidence or documentation necessary to verify User's identity and other necessary information; monitoring of User's Tokens and account; and use third-party service providers to verify the identity of any and all users of the Platform. The Company shall not accept or process any Token acquiring that it deems to be in violation of its KYC or Legal or Fiscal compliance policies.

The User understands that his request to acquire FABAs will be accepted and he will receive FABAs only after having successfully passed through FABAs CAPITAL LTD. or a third-party KYC process. This means that FABAs will not be distributed until the User has passed through this screening successfully. If the User fails to pass the KYC screening, the offer to acquire FABAs will be rejected and she/he will not receive her/his FABAs.

Users accept that Company can refuse accepting the offer to acquire FABAs which is not compliant with the internal due diligence.

Each of the Users represents and warrants that all funds used for the acquisition of Tokens originate from lawful and legitimate sources. In particular each of the Users represents and warrants that such funds do not originate from any activity considered criminal or otherwise illegal in any relevant jurisdiction. Each of the Users undertakes not to use any of the Tokens to commit, finance, facilitate or reward any act, which constitutes a crime or similar offence under the laws of any relevant jurisdiction. Each of the Users represents and warrants that the funds used for the acquisition of Tokens are his own, that he does not acquire the Tokens as an agent of a third Person, and that he does not intend nor he shall use Tokens or any proceeds for legalizing the income originating from any activity which is considered illegal under any applicable law or regulation. These provisions do not preclude application of the mandatory provisions of the applicable laws setting out any further anti money laundering measures or rules. Each of the Users acknowledges that under the applicable laws, the Company may be requested to provide the public authority or government body certain information and data available to the Company, which could be used for identifying the User and/or his transactions. For such events the User agrees with and authorizes the Company to disclose such data and information to the respective public authorities or government bodies in the extent required by the applicable laws.

Risks

The user understands and acknowledges that there might be some risks owing to the development process, company success, as well as risks relating to blockchain, transactions or unanticipated risks. By taking part in the token sale a user confirms that he/she is aware of the following and/or other associated unmentioned risks and that the company would not be liable to bear any loss owing to these risks. If User is not willing to acknowledge and accept these risks in the future do not buy FABAs Tokens. The probable future risks might include but are not limited to the following:

Risk of software weakness

The user should be aware of the fact that there are no warranties or assurances to the perfect, uninterrupted or error-free working of the underlying software. Thus, there is an inherent risk that the software could contain defects, weaknesses, vulnerabilities, viruses or bugs, causing inter alia, the complete loss of tokens. If such bugs, defects and/or viruses affect the creation of FABAs tokens or in some way affect the contributions of the user, the company in no situation shall be held responsible for the loss and/or be liable to bear any loss and/or return of the amount.

Regulatory risk

Blockchain is a new technology and many aspects of blockchain are yet improving including its development, utilization as well as associated regulations.

The user shall acknowledge and accept that the current regulations and laws on blockchain might change in future and that these regulations might affect their experience. Future regulations might affect the current smart contract system and/or the FABAs platform and lead to termination or loss of FABAs tokens for the buyer.

Risk of mining attacks

Users shall acknowledge and accept that despite blockchain being a very secure platform, there might be some risks of theft and mining attacks, double-spend attacks, majority mining power attacks, "selfish-mining" attacks, rare condition attacks, malware attacks, denial of service attacks, consensus-based attacks, smurfing and spoofing. Any such successful attacks can result in loss of FABAs tokens, improper functioning of software, irregular transactions.

Risk of incompatible wallet services

FABAs tokens are compatible tokens thus User shall first ensure that User own a compatible token wallet or else User might lose access to the FABAs tokens User's buy, and the company will hold no responsibility for it.

Risk arising from taxes

There is no certain tax characterization of the FABAs tokens thus the contributor shall refer to his/her tax advisor for the transfer, usage and storage of FABAs tokens. The customer shall be well aware of the tax regulations including withholding taxes, transfer taxes, value added taxes, income taxes and similar taxes, levies, duties or other charges and tax reporting requirements applicable in their geographical area. The contributor shall bear any loss resulting from not adhering to regional and national tax regulations him/herself.

No assumed control of the Company over the Platform

Each of the Users represents and warrants that although the Company has developed or provided for the Platform certain basic software, design applications and functionalities for the Platform, the Company effectively cannot and shall not control the User-created content of the Platform. Therefore, the Company is not responsible for the Platform and its content, including its use or misuse by any third Person to the detriment of any User or other Person.

Risks specific to the company

- Risk associated with venture capital; there is a high risk associated with company's stakes purchases, where the initial funds may be lost. It may happen, that the company will report a loss and loses all initial funds. In order to reduce this risk, FABА CAPITAL LTD will eliminate the failure possibility rate by execution of comprehensive due diligence and implementation of tranche mechanism linked to the agreed key milestones of the acquired project.
- Risk of newly established companies; half of the companies that FABА CAPITAL LTD plans to acquire, represents newly established companies (so-called start-ups). These companies do not have an established track record which could support adequate business decisions. The companies may tend to lose money in the first years of operation. In some cases, companies may lose all their funds. Much greater risk is posed by so-called seed companies, companies in the early stages, which are at level of research and development. FABА CAPITAL LTD will diversify the acquired portfolio by acquiring in private equity companies, companies that are established and need development funds for expansion.
- Risk of FABА CAPITAL LTD depending on its acquired companies; FABА CAPITAL LTD will be exclusively dependent on the acquired companies. In case companies are not successful, and do not generate profit, FABА CAPITAL LTD may report a loss of business.
- Risk of not finding a suitable client; FABА CAPITAL LTD will undergo the risk of not finding a suitable client if decides to sell its acquired company's stakes. If FABА CAPITAL LTD does not find a suitable client and the company in which FABА CAPITAL LTD will have a business stake will generate a loss, it may result in a lower than planned profit, or even a financial loss.

Important Disclaimer

Regulatory authorities are carefully scrutinizing businesses and operations associated to cryptocurrencies in the world. In that respect, regulatory measures, investigations or actions may affect FABAs business and even limit or prevent it from developing its operations in the future. Any person undertaking to acquire FABA Token must be aware that FABA CAPITAL business model and the T&C may change or need to be modified because of new regulatory and compliance requirements from any applicable laws in any jurisdictions. In such case, any person undertaking to acquire FABA Token acknowledges and understands, that neither FABA CAPITAL LTD nor any of its affiliates shall be held liable for any direct or indirect loss or damages caused by such changes.

FABA CAPITAL LTD will do its best to launch its operations and fund and work with startups. Any person undertaking to acquire FABA acknowledges and understands that FABA does not provide any guarantee that it will manage to achieve it.

Acquiring FABA Token shall not grant any right or influence over FABAs organization and governance to the Users. These tokens will be issued by a technical process referred to as a «Blockchain». This is an open source IT protocol over which the Company has no rights or liability in terms of its development and operation. The token distribution mechanism will be controlled by a Smart Contract; this involves a computer program that can be executed on the Ethereum network or on another blockchain network that is compatible with the Smart Contract programming language. User acknowledges and understands therefore that FABA CAPITAL LTD (incl. its bodies and employees) assumes no liability or responsibility for any loss or damage that would result from or relate to the incapacity to use the FABA Token.

FABA Token is based on the Ethereum protocol. Therefore, any malfunction, unplanned function or unexpected operation of the Ethereum protocol may cause the FABA Token network to malfunction or operate in a way that is not expected.

Termination:

Company may suspend, restrict, or terminate User's access to and use of the Platform, and/or deactivate or cancel User's account if: (a) We are so required by a facially valid subpoena, court order, or binding order of a government authority; (b) We reasonably suspect User of using User's account in connection with a Prohibited Use (as defined herein) or Prohibited Business (as defined herein); (c) Use of User's account, or User's use of the Platform is subject to any pending litigation, investigation, or government proceeding and/or in the Company's sole discretion, is perceived to create or increase the likelihood of a heightened risk of legal or regulatory non-compliance associated with User's use of or access to the Platform; or (d) User takes any action that Company deems to be circumventing or intended to circumvent Company's controls, including, but not limited to, opening multiple accounts or circumvention of Company's security of the platform. If Company suspends or closes User's account, or terminates User's use of Platform for any reason, We may provide User with notice of our actions unless a court order or other legal process prohibits Company from providing User with such notice. User acknowledges that Company's decision to take certain actions, including limiting access to, suspending, or closing User's account, may be based on confidential criteria that are essential to Company's risk management and security protocols. User agrees that Company is under no obligation to disclose the details of its risk management and security procedures to User. By opening, creating, or accessing an account on the Platform, User agrees not to engage in any of the following categories of activity ("Prohibited Use"), which includes but is not limited to the following: unlawful activity, abusive activity, abuse of others, fraud, intellectual property infringement, or any activities that may constitute unlawful, abusive, or fraudulent behavior. By opening, creating, or accessing an account on the Platform, User represents and warrants that User does not engage in any business or business practices ("Prohibited Business"), which includes but is not limited to the following: any business that Company believes poses financial risk, regulatory risk, or legal liability to the Company, any opportunities that promise the expectation of profit or high rewards; or any unfair, deceptive, or predatory actions or towards consumers. Force Majeure In no event will Company be liable or responsible to User, or deemed to be in default or breach of these Terms, for any failure or delay in fulfilling or performing any term of these Terms when and to the extent such failure or delay is caused by any circumstances beyond Company's reasonable control (a "Force Majeure Event"), including acts of God, flood, fire, earthquake, explosion, war, terrorism, invasion, riot or other civil unrest, embargoes or blockades in effect on or after the date of these Terms, national or regional emergency, strikes, labor stoppages or slowdowns or other industrial disturbances, passage of law or any action taken by a governmental or public authority, including imposing an export or import restriction, quota or other restriction or prohibition or any complete or partial government shutdown, national or regional shortage of adequate power or telecommunications or transportation, power outages, blackouts, brownouts, electrical surges or any event resulting in a stoppage, delay, Hack or failure, malfunction, breakdown, disruption, forking, errors of any blockchain or any blockchain-based software systems in connection with Platform. Company may terminate these Terms if a Force Majeure Event affecting the Company continues substantially uninterrupted for a period of 30 days. In the event of any failure or delay caused by a Force Majeure Event, the Company may give notice to User stating the period of time the occurrence is expected to continue and may use commercially reasonable efforts to end the failure or delay and minimize the effects of such Force Majeure Event.

Last change to the terms dated on 14th of August 2020.
